Aim

Be able to effectively manage safety and health in the workplace

Objectives

- Understand why management level should be conscious of health and safety
- Be able to make a plan for health and safety and implement it
- Know why it is important to figure out an effective system for managing the safety in the workplace and creating a safe on the job culture
- Set targets and work towards the performance goals

Overview

Designed for directors and managers who provide strategic leadership direction and oversight for their organization. This will allow them to comply with health and safety laws, along with helping to reduce claims and liability insurance. At the end delegates will have gained a full appreciation of their role in health and safety and how this should influence their strategic thinking and holistic risk management practices.
